Business profiles

Updated: Oct 5, 2025

Your business phone number's profile displays additional information such as address, website, and description. You can add this information when registering your phone number or update it later via WhatsApp Manager or API.

Viewing or updating your profile via WhatsApp Manager

To view or update your business profile via WhatsApp Manager:

Navigate to [WhatsApp Manager?](#) > **Account tools** > **Phone numbers**. Select your business phone number. Click the **Profile** tab to view your current profile. Use the form to set new profile values.
