

How to integrate Salebot.pro with WhatsApp through Albato.com

In this instruction you will learn how to set up a simple Salebot.pro bot that will auto-answer on your clients WhatsApp.

After all steps are done you should get next result:

WrA_Z0WdyQxFsguRXpOGIsHnf6rTSOXszyZE0CSL

Step by Step guide

1. Go to your Salebot.pro account. Open project "Settings" (1). Find API key field (2) and press "Generate" button (3) after that copy generated key.

GN8DbqOSQrPTFjhYztVE0sIAVrRA5ZfSbsnPbc2G

2. Go to your Albato account. Go to "Apps" page (1). Press "Add a connection" button (2). Click on "Select an App" field (3). Type "salebot" (4). Select app (5). Press "Add a connection button" (6)

0RNCbhgVK566ptPxL8iFLYjd5uoOkyNnd7HGHCW0

3. In the appeared window type Title for your project (1). Paste your Salebot.pro API key that you copied on "Step 1" (2). Press "Continue" button (3)

09AOjMtZI-p2G0dRokchDi1INyQJUJ8uf6zQt2ay

4. After "Step 3" Albato will create a Webhook URL (1). Press button (2) to copy this URL

ubp6Eyti2IFYSjEcreYUEuQaMk4DlivW-gmBcks

5. Go to your Salebot.pro account. Open project "Settings" (1). Find "Webhook URL" field (2) and paste your Albato webhook from "Step 4". Press "Done" button (3)

M5-uMFcfe_cpdIgxsuHL3HedVkpYftfSYQ5ISnLW

6. Go to your Albato account. Go to "Apps" page (1). Press "Add a connection" button (2). Click on "Select an App" field (3). Type "whatsapp" (4). Select "Chatarchitect.com for WhatsApp" app (5). Press "Add a connection button" (6)

vgFm8wnu6O3P4vxtboz7BrI6hULOG8uaFKRtBMsc

7. In the appeared window type Title for your project (1). Paste your "Application ID" (2) and "Secret ID" (3). Press "Continue" button (4).

NOTE: To get your "Application ID" and "Secret ID" please write to our customer support <https://wa.me/421233221242>

GjjYYZEYVxYOc44dSFk-SpuTOp_FASzZSc0Q-LVy

8. Create the first automation in Albato to receive messages from WhatsApp and send them to Salebot.pro. Go to Albato "Automations" page (1) and press "New" button (2)

r63mPTEKMvQZMxl-FJtur9LqfVC4spjNzf1Ep-d5

8.1 Press button (1) to select an App which sends data

jT5CWPB8ZabVFTEQTSIADuQXDy9ZkWy_GnigYi1I

8.2 Make selections (1), (2), (3) and press "Add a trigger" button (4)

4Tfxijs41cLlvaEXiK7Wgjl0bDoSaDe3WB0YZevJ

8.3 Press button (2) to select an App which receives data

jT5CWPB8ZabVFTEQTSIADuQXDy9ZkWy_GnigYi1I

8.4 Make selections (1), (2), (3) and press "Add an action" button (4)

apzZL1M0CErZsX4HfbtQe693Wn8Hd6Dmk-K-QGYa
