

WhatsApp Business API for Zapier: Installation guide

In this guide, you will learn how to install our WhatsApp Business API integration in Zapier.

1. Go to the "App Connections" -> in the search field write "ChatArchitect" and choose our app.

2. Press "Add connection"

3. Fill in your **APP ID** and **APP SECRET** and press "Yes, continue to ChatArchitect.com"

Connect an Account | Zapier - Google Chrome

zapier.com/engine/auth/start/ChatArchitectComForWhatsAppCLIAPI/?_zapier_account_id=27228131

Allow Zapier to access your ChatArchitect.com Account?

App key (required)
To connect and get the key, leave request on site <https://www.chatarchitect.com/whatsapp/> Any questions you can write to WhatsApp <https://wa.me/421233221242>

Secret (required)
To connect and get the key, leave request on site <https://www.chatarchitect.com/whatsapp/> Any questions you can write to WhatsApp <https://wa.me/421233221242>

Yes, Continue to ChatArchitect.com Cancel

Done. Our integration is now installed in your Zapier.
